

KLOVE helps me & hundreds of thousands of others in so many ways. Besides their programming being enjoyable, inspirational and uplifting, it is valuable in that it connects all of us as residents in our local communities and indeed throughout the country. KLOVE supports wholesome values and impacts communities across America by inspiring us to treat others with love and respect and to serve one another unselfishly. Whom do you know that would NOT benefit from such programming? How can you even contemplate action that may displace their tremendously positive and encouraging message with any other kind of programming? It would be a gross disservice to all. Please assure the future of KLOVE and similar programming by not allowing them to be forced out in favor of LPFM stations. Thank you for your consideration
